

CATALYST HALF YEAR

- * The Catalyst Half Year program is designed to give more athletes the chance to experience and participate in All Star Cheerleading. This is great for athletes who are new or have little experience.
- * All Star Prep Half Year was created for athletes and families who would prefer less of a time commitment, lower cost and would like to compete locally. Normal practices occur once a week for 2 hours, will run from October to March
- * Practices will focus on gaining skill set, learning choreography and routine preparation. This program will move at a slower pace than the Catalyst program. The performance opportunities for this program will focus on gaining confidence and performing in front of a crowd.
