

# CATALYST FULL YEAR

The Catalyst program is designed to give more athletes the chance to experience and participate in competitive cheerleading. This is great for athletes who are new to the sport of All Star Cheerleading.

Catalyst was created for those dedicated athletes and families who would prefer less of a time commitment, lower cost and would like to compete locally. Normal practices occur once a week for 2 hours, extra practices are some times needed for choreography, consistency and overall polish of routine. Practices will run from June-April.

## Performance Opportunities/Competitions

Catalyst teams will get 5 performance opportunities.

- 🐾 Blue Debut: This is a showcase where all of the local Cheer athletics teams get to show off their routines and kick off the competition season.
- 🐾 4 local competitions. One of those competitions will include NCA All-Star Prep Nationals.
- 🐾 1 Day Camp : Including skills workshops, routine choreography, and team bonding.

## COME JOIN THE BEST OF THE BEST
